CLASSIFICATION SECRET

25X1

	SECRES	
6. 25X1 25X1	On 30 December 1952, the Hindenburg Kaserne was occupied by 2,000 to 2,500 soldiers most of whom wore black-bordered crimson epaulets. On 30 December, about 300 soldiers received infantry training in the barracks yard.  about 100 soldiers with some mortars entered the installation, coming from the direction of Uenglingen.	25X1 25X1
greg E se	On 12 January, the gate of the Albrecht der Baer Kaserne was guarded by a sentry wearing red-bordered black epaulets. On 36 December 1952, about 24 soldiers carrying full pack left the installation toward the training field.	
25X1	50 soldiers carrying small arms and entrenching tocas entered the installation coming from the direction of the training field. They were followed by an armored scout car on 7 January, about 60 soldiers wearing red-bordered black epaulets including some with tank insignia and 6 officers with tank insignia boarded a train for Gardelegen at the Stendal railroad station. On 10 January, about 30 soldiers wearing red-bordered black epaulets including some with tank insignia and carrying small arms and full pack arrived by train at the Stendal railroad station, coming from the direction of Gardelegen, and marched toward the Albrecht der Baer Kaserne.	25X1 25X1
		25X1
25X1	Comment. This information indicates no changes in the occupation of Stendal as carried on the basis of the two last reports.	
25X1 25X1	Stendal moved at an increasing rate to the north section of Letzling Heath.  They probably went to the troop training grounds for short-term combat firing practices.	25X1
